

OLD-OX5N

ORION INTERNATIONAL Performance parameter		
LED Light Source: Cree, Lumileds, Osram, Epistar		Effec ts: single color, full color, gradient, chasing, flowing
Color T emperature: Single color, RGB, RGBW, RGBA, RGB+W		Protection Grade: IP65
LED CRI: ≥ 80 R9>0	Electrical Safety Grade: Class III	
Lifespan: ≥ 50000h	Voltage: DC24V	
Beam Angle: 120°	Current: constant current drive	
Rotation Angle: 210°	Working Temperature: -35℃ ~ +45℃	
Control Mode: ON/OFF、DMX512	Mounting Bracket: customizable	

ORION INTERNATIONAL Optional accessories

Glare-shield

Ground Stake

ORION INTERNATIONAL Features

- It's suitable for building facades, bridges, parks, squares, etc.
- Exquisite anti-UV surface coating for outdoor environment
- **High** thermal conductivity Aluminum-6063-T5 lamp body ensures **heat** dissipation and extends product's life
- Waterproofing treatment by glue filling for lamp body
- **The** length and power can be customized according to customer's needs
