

OLD-OX7

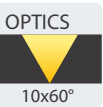

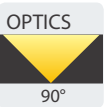

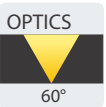

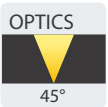

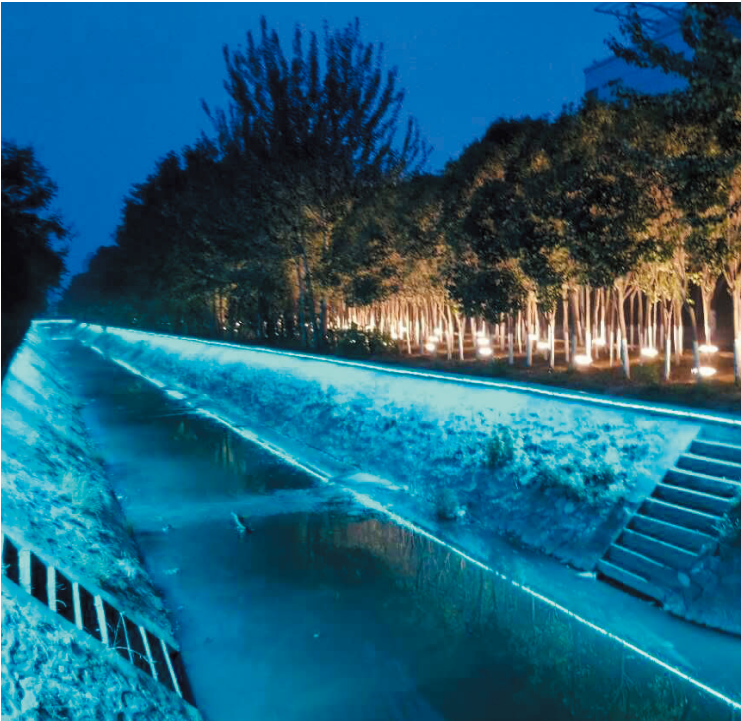

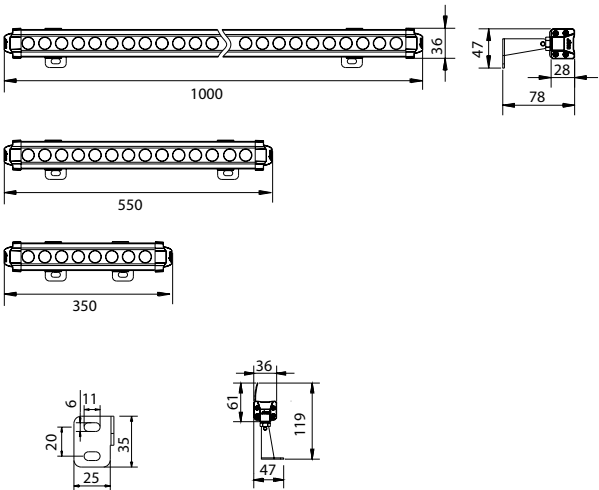

Photometric data:

ORION INTERNATIONAL Features

- It's suitable for building facades, bridges, parks, squares, etc.
- Exquisite anti-UV surface coating for outdoor environment
- **High** thermal conductivity Aluminum-6063-T5 lamp body ensures **heat** dissipation and extends product's life
- Whole structure waterproofing design technology
- (Optional)3mm safety toughened glass with **high** transmittance
- **The** length and power can be customized according to customer's needs

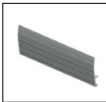

ORION INTERNATIONAL Product Size

ORION INTERNATIONAL Performance parameter

LED Light Source:	Cree, Lumileds, Osram, Epistar	Effects:	single color, full color, gradient, chasing, flowing
Color Temperature:	Single color, RGB, RGBW, RGBA, RGB+W	Protection Grade:	IP65
LED CRI:	≥ 80 R9>0	Electrical Safety Grade:	Class III
Lifespan:	≥ 50000h	Voltage:	DC24V
Beam Angle:	45° 60° 90° 120° 10x60°	Current:	constant current drive
Rotation Angle:	210°	Working Temperature:	-35℃ ~ +45℃
Control Mode:	ON/OFF、DMX512	Mounting Bracket:	customizable

ORION INTERNATIONAL Optional accessories

Glare-shield

Ground Stake

ORION INTERNATIONAL Product number

Model	Power	Input Voltage	LED Quantity	Single LED Power	Color
OLD-OX7-D	10~15W	DC24V	30/48/60	0.25W	single color
OLD-OX7-R	10~15W	DC24V	30/48/60	0.25W	full color
